Where Chicago Owns Land Near Transit

City-owned parcels within ½ mile of CTA and Metra rail stations, by zoning and land status

KEY FINDINGS

5,037 city-owned parcels are within **½** mile of CTA or Metra rail: **54%** of the **9,355** analyzed.

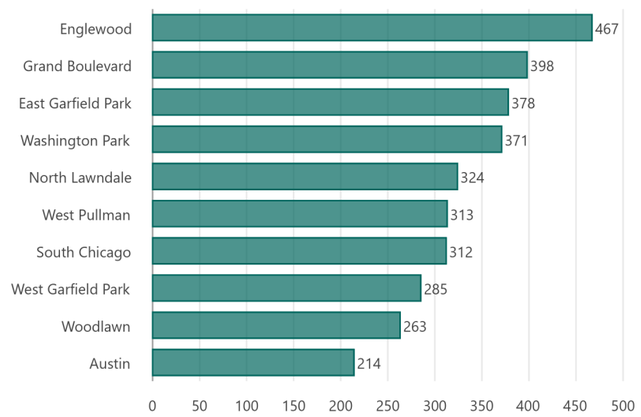

4,548 (90%) are in zoning that generally allows housing.

75% of those are not assigned to any City department.

10 community areas hold **73%** of them, all on the South and West Sides.

6 of the **8** stations with the most nearby city land are on the Green Line.

Top 10 community areas (parcels)

Data: City of Chicago Data Portal (City-Owned Land Inventory, Zoning Districts, Community Areas, CTA 'L' Stations & Lines, Street Center Lines); RTA (Metra stations & lines).
Method: Parcels with status "Owned by City," excluding City facilities, parks/open space, other-agency land, and neighbor-sale programs. "Unassigned" = no managing department listed; a sample was reviewed against aerial imagery. ½-mile (2,640 ft) straight-line buffers around rail stations; zoning joined by location.
Limitations: The City's inventory is not guaranteed complete. Parcels shown as points. Straight-line distance, not walking distance. Designated high-frequency bus corridors not included.
